

UTM 750-2

MOBILE
PLANT
CUCCIOLO

Hybrid

TECHNICAL DATA

- Shredder **FTR 750**
- Dimension of Crusher (mm) 750x900
- Hopper surface (m) 2.30x1.70
- Hopper capacity (m³) 1.50
- Max production (t/h) 80*
- Conveyor belt (mm) 600
- Conveyor belt width TNL 600/5
- Gen Set power (kW) 78

OPTIONAL

- Hopper extensions H=500 cm L=700 cm
- GPS
- Electronic weight system
- Centralized greasing system
- Dust abatement plant
- Paint customized
- Pump for filling fuel tank

TRANSPORT DIMENSIONS

- Width (m) 2.50
- Length (m) 7.00
- Height (m) 2.50
- Total weight (kg) 11.500

APPLICATIONS

- Excavated earth and rocks
- Construction and demolition waste
- Environmental decontamination
- Reinforced concrete and industrial wastes
- Vine poles
- Slabs and milled asphalt
- Coal, limestone, clay and glass

* Depends on the material processed.
